Team members can take class one level above or one level below to complete summer dance hours. We understand summers are short and for those that travel a lot in the summer, we recommend doubling up on classes while in town. The week prior to nationals is an important week for reviewing nationals routines.

SUMMER COMPETITION AUDITIONS

June 12-15 & June 26-29 audition combos will be taught. The last 2hrs of classes those weeks will be audition classes. If you are out of town and miss these classes, we will judge during class the week after and/or a video can be submitted of the choreography learned during workshop. Audition/workshop fee will still apply. Dancers are required to audition with their current team age group BUT may do a second audition with the team age group above their current team to be considered for small groups, additional group dances and technique classes with an older team. A dancer may still be chosen for additional dances and level up routines even if they choose not to double audition.

Convention Elite Program

We are excited to offer a program for dancers called the Convention Elite Program! This is an additional program that goes beyond competing with a concentration on continued training with today's industry professionals beginning in early Fall. Over the past few years, we have had a bigger interest in conventions with our intermediate and advanced dancers attending conventions. This program will allow small and/or large groups to compete at conventions along with taking classes and training under amazing choreographers from around the country. This past year we brought several group dances of different ages for the Convention Elite Program.

This is how the program works:

1. This program is audition only. Dancers in routines are chosen by choreographers setting the dances. You **MUST** compete in the intermediate or advanced level at competitions
2. Those chosen are required to attend and compete at 2 conventions chosen by Starz as early as late Fall.
3. Dances will be set by choreographers and will have a fee for choreography/class with the choreographer
4. Travel for conventions may be slightly farther than regional competitions.

Marissa Rignola, Sara Brendel and Marco Cruz will be setting several pieces open for everyone ages 8-18 to audition for the 2024 season. Some of these choreographers require dancers to take their class to decide who will be in the pieces **OTHERIWSE APPROVED BY STARZ STAFF**. An audition form will be sent out to sign up for their pieces. Sara Brendel will join us August 7-10th and Marco & Marissa will be here in October.

2023-2024 teams will begin in August. Team folders with schedules, routines and all other information will go out late July/early August. Choreography for the 2024 season begins August 7th. Competition dancers must attend summer dance to be placed on a team in the fall. Current team dancers will not be able to perform at nationals without summer training hours.
